# 3D Stereoscopic Wall Stickers

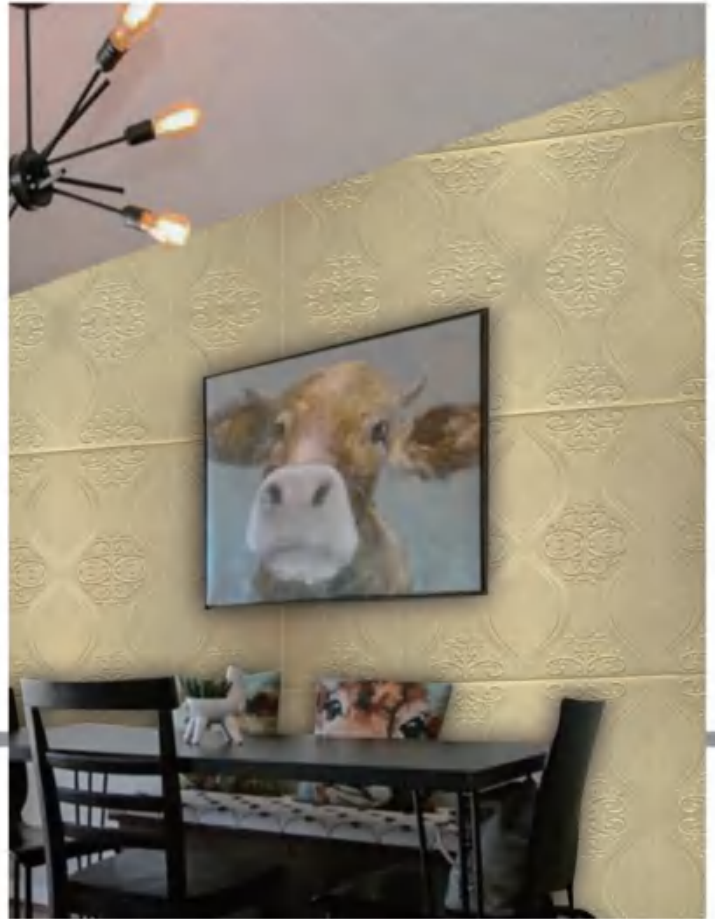

The new generation of 3D stereoscopic wall paste is applies to the background wall, student dormitory, rental room, clothing store, barber shop, beauty shop, kindergarten and other indoor spaces.3D stereoscopic wall paste is the innovative product which can be replace of traditional wallpaper.This innovative product is be designed in many kinds of patterns and shapes. Because of the relation of light and shadow, different angles can present different visual perception. At the same time ,adding the combination decoration of the flat wall paste will make your space more beautiful.

# ABOUT wall stickers

3D stereoscopic wall pastes with high-quality XPE foam material as base material, each product through many processes, with excellent visual effect, fashion light and firmly attached. A combination of stereoscopic and flat wall stickers, add the creativity of freedom, space will appear to be more flexible and dynamic, giving space more spirituality. 3D stereoscopic wall pastes have a certain degree of hardness and flexibility, with insulation, waterproof, radiation resistance, aging resistance and other characteristics. Various colors and styles can be chosen, 3D stereoscopic wall pastes also have clear surface lines and easy installation.

### Wall sticker characteristics

**Environmental protection:** All adopt polymer materials and other natural materials which are harmless to the environment and the human body.

**Moistureproof and waterproof:** The wall surface is waterproof treated by high temperature laminating and has the waterproof and oil proof effect.

**Antifouling and antibacterial:** The wall surface is covered with, the antibacterial film, which can control the propagation of bacteria adhering to the wall surface.

**Anti-wrinkle and crack resistance:** The wall coating has better flexibility and better crack resistance.

**Unfading:** The wall color coating is treated with strict anti-ageing treatment to make the color performance longer.

**Soundproof and sound insulation:** Wall stickers show texture and bump sense, which produces an effective slow reflection on the sound, thus greatly reducing the transmission of sound energy.

Our effective management system and the concept of sincere customer service can provide a strong guarantee for the normal operation of enterprises.

## Simple Life

measure the wall sizes

Cut the wall stickers to the sizes as you need

Peel off the glue paper at backside

Stick to the wall

### Matters needing attention in construction

- Be sure to measure the wall size before cutting;
- Cut along with the line in order to ensure the better overall effect;
- Be sure there is no dust on the wall which could shorten the using life;
- Plan the overall layout before installing to avoid unnecessary waste;
- Keep the wall surface dry and clean. Long time water seepage could affect the stickers' using life;
- Never use sharp tools like knife, scissors to affect the installed wall.
